Family-first Senior Living

Family-first is our philosophy at Arbor Trace, an approach that goes back to 1977, when CarDon & Associates was first established. As a member of the CarDon family of senior living communities, which now extends throughout south-central Indiana, Arbor Trace encourages family members to become involved with each resident's personal care plan.

Throughout every level of care we offer, we ensure a better quality of life each day for our residents, by treating them as we would our own loved ones.
